EXHIBITING AT AOG ENERGY

Connecting the entire energy industry for over four decades, AOG Energy celebrates innovation in all aspects, from oil and gas, to renewables and clean energy solutions.

STANDS NOW
AVAILABLE

Returning to a three-day format in 2022, AOG Energy continues to be one of the most sought-after energy events in Australia. Supported by major operators, Government and the entire supply chain, it's the annual platform for the industry to connect, converge and have meaningful conversations about the energy evolution.

WHY AOG ENERGY?

As an exhibitor at AOG Energy your brand will be aligned with the most influential names in the industry in the energy hub of Australia – Perth.

As an essential platform for connecting companies face-to-face with the decision makers who matter, your company will be in front of thousands of visitors who attend AOG Energy annually to source the latest innovations, discover future opportunities, network and hear from thought leaders about the future of the industry.

"AOG Energy is the country's premier industry event and has always promoted building networks and connections."

HON. MARK MCGOWAN
PREMIER OF WESTERN AUSTRALIA

TO KEEP UP TO DATE WITH NEW TECHNOLOGY

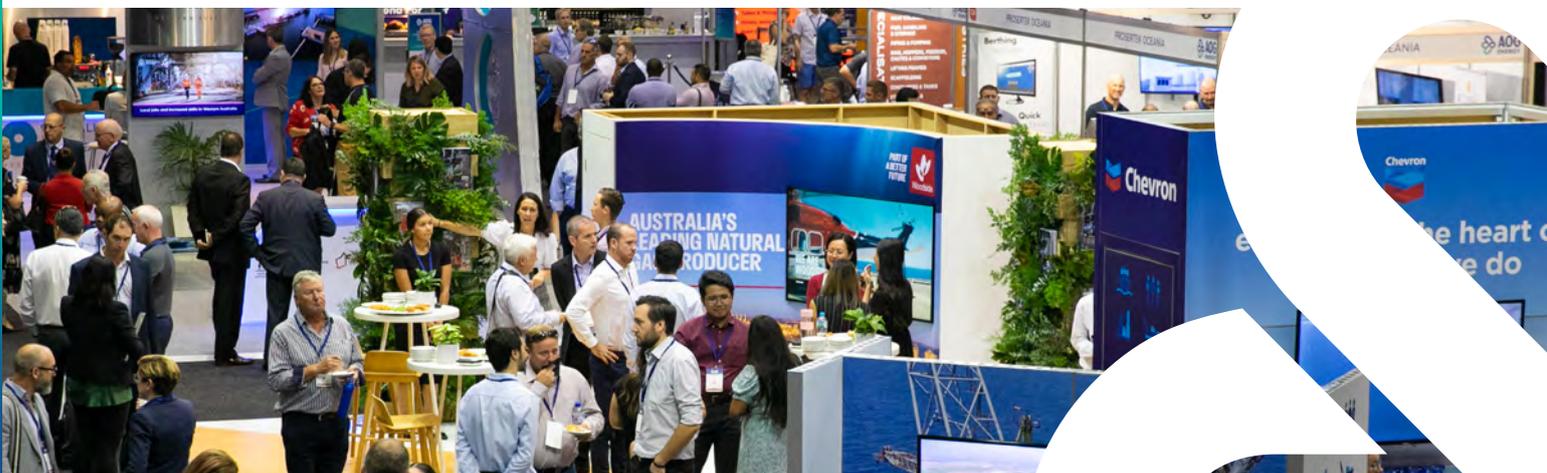

WAS REGARDED AS ONE OF THE MAIN
REASONS FOR VISITORS TO ATTEND AOG
ENERGY IN 2021.

PROUDLY

CALLING PERTH HOME
FOR OVER 40 YEARS

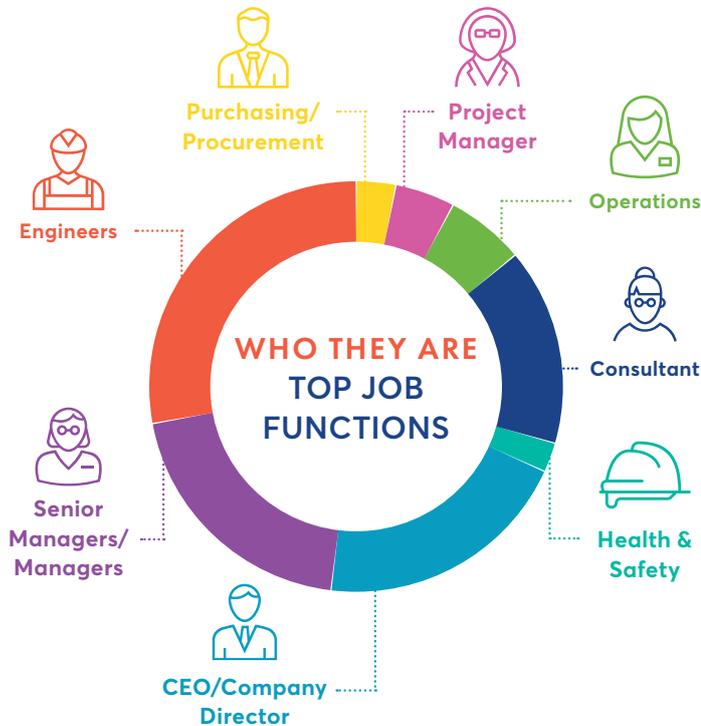

EXHIBIT THIS YEAR TO:

- **Showcase** how your innovations are driving the industry forward as it continues to evolve
- **Be part of the energy evolution** as AOG Energy transforms to continue supporting the future capabilities of the industry
- **Grow your presence** in the dedicated Australian energy market
- **Align your brand with the major operators** who continue to play a large supporting role in AOG Energy, including Woodside and Chevron
- **Capitalise** on supply chain opportunities
- **Connect** with the industry in a face-to-face environment
- **Generate new sales leads** as the industry continues to recover
- **Instigate new connections** and network with colleagues and old friends when the industry unites in one place

- Baker Hughes
- BP
- Schlumberger
- Atteris
- Woodside
- Chevron
- Subsea 7
- Shell
- Santos
- Deloitte
- Synertec
- BHP
- Valaris

WHY WILL VISITORS ATTEND IN 2022?

Connection:

To reconnect with industry professionals was regarded as the biggest reason for attending AOG Energy in 2021, making it the premier meeting place for the market to unite in-person for those all-important face-to-face connections that prompt important business conversations.

Information:

AOG Energy prides itself on providing a dedicated free conference program alongside the exhibition each year. Thought leaders will continue to discuss latest trends, engineering solutions and provide insight into future opportunities.

The free conference program (located on the exhibition floor) is a key driver of visitor attendance.

Innovation:

The industry is in a period of change – decision makers will be actively searching for new solutions and innovations that will help drive their business forward and be part of the energy evolution.

WHO SHOULD EXHIBIT?

For exhibitors, AOG Energy is considered one of the biggest drivers of high value business exchanges of the hard to reach oil and gas decision makers in Australia.

SPECIALISED INDUSTRY ZONES

As well as general exhibitors, the exhibition floor hosts six dedicated industry zones each featuring products, services and solutions specific to their focus area.

Exhibitors to these zones see highly targeted leads as visitors with a specific interest or preference often explore these areas first.

- Energy Transition
- Subsea & Marine
- Asset Integrity
- Drilling & Completions
- Automation & Digital Technology
- Health & Safety

EXHIBITORS SHOWCASE SOLUTIONS ACROSS A VARIETY OF PRODUCT AND SERVICE CATEGORIES, INCLUDING;

Health, Safety & Environment

Startups

Subsea Services & Technology

Energy Transition

Valves

Renewables & Energy Storage

Marine Repairs, Equipment & Services / Offshore Support Vessels

Instrumentation Control & Automation / Flow Control

Drilling / Well Completion / Downhole Technology

Electrical Equipment, Power Generation & Energy Management

MAXIMISE YOUR EXPOSURE

AOG Energy's sponsorship opportunities offer multiple platforms to maximise your exposure to industry professionals on the exhibition floor and beyond, from high profile naming rights to cost effective digital branding. See our full sponsorship brochure for more information on the premium branding opportunities available.

"AOG Energy provides an effective oil and gas focused networking and buyer/supplier interface for the betterment of the industry at large."

IAN BLEVIN

MANAGING DIRECTOR, WOMA (AUSTRALIA) PTY LTD

ENERGY TRANSITION ZONE

The Energy Transition Zone is one of the significant focal points at AOG Energy.

A hub of the latest innovations and solutions, this zone is a showcase of what is driving the industry forward towards a cleaner energy future. This zone will continue to generate extensive visitor traffic as it grows in size and importance.

The zone will showcase products and services relating to;

- Remote Power Generation
- Generators
- Wind Turbines
- Power Electronics Components
- Energy Storage Technologies
- Hydrogen Solutions
- Carbon Capture and Storage
- Emissions Reduction Technology

AUSTRALIA'S SUBSEA DESTINATION

The dedicated Subsea Zone is one of the most sought after sections on the exhibition floor.

Alongside the latest innovations and technologies, the free-to-attend Subsea Forum brings together experts from across the industry to share their latest insights and knowledge, creating a subsea hub within AOG Energy.

AUSTRALIAN SUBSEA PAVILION

Within the specialised zone, the pavilion, presented in partnership with Subsea Energy Australia, provides businesses with a unique opportunity to promote their products and services within a dedicated subsea hub - attracting key subsea industry leaders and decision-makers.

ASSET INTEGRITY IN FOCUS

As the market for asset management and integrity technology solutions continues to grow, this zone, supported by key industry players and associations, will feature manufacturers and suppliers.

In addition to the zone, the free-to-attend Knowledge Forum will feature specialised technical sessions on asset management, maintenance and testing – a key reason for visitors to attend AOG Energy.

The zone will showcase products and services relating to;

- Non-Destructive Testing
- Condition Monitoring
- Diagnostic Engineering
- Materials and Quality Testing
- Corrosion Prevention
- Protective Coatings
- Asset Management Products, Services and Technology

DRILLING AND COMPLETIONS

The dedicated Drilling and Completions Zone is an essential zone at AOG Energy.

Since its introduction, the zone has become a core focus of the exhibition with specialised exhibitors promoting their products and services that are driving the industry.

The zone will showcase products and services relating to;

- Well Completion
- Downhole Tools
- Reservoir Evaluation
- Intervention
- Production

"AOG Energy is a very well organised and executed event which provides in-depth insights into the oil and gas industry and its suppliers. We can highly recommend to visitors and exhibitors alike."

CHRISTIAN SIEBER
CEO, DRONE INDUSTRIES PTY LTD

"From the initial contact with Diversified through to logistics and delivery, we found AOG Energy to be extremely well organised and informative. Our stand was well received by visitors and we made an abundance of valuable connections which have opened up many new doors for Eire."
