

Post Show Report

AOG Energy returned to Perth, back to full strength for the first time since 2020, bringing together the global supply chain for three packed days to set the direction of the new energy future, drive meaningful business collaborations and enjoy unmissable networking amongst peers.

This year's exhibition was an incredible opportunity for exhibitors to showcase innovations, technology and solutions that play an important role in the clean energy future.

Alongside the show floor AOG Energy 2023 was a nexus of insight and connections, with sold-out networking functions, four jam-packed conference streams, including expert analysis and keynotes from the likes of WA Deputy Premier Hon. Roger Cook MLA and more, firmly establishing this important event on the future energy calendar.

“AOG(E) is the flagship energy resource event on the Australian calendar. It is a high energy, vibrant and future focused gathering of professionals interested in the future of the energy industry.”

Francis Norman
Centre of Decommissioning Australia (CODA)

Our Exhibitors

AOG Energy 2023 welcomed back international exhibitors for the first time since 2020, offering a truly global showcase of energy innovation and solutions that will drive tomorrow's energy evolution. From decarbonisation technology, to decommissioning, renewable solutions and more, AOG Energy was more than just an oil and gas event.

Conference Program

Built with the industry, for the industry, the free-to-attend conference program highlighted the key opportunities, trends and challenges facing the sector. With packed sessions across three days, attendees were able to deep dive into the streams most applicable to their projects with dedicated streams covering:

- Industry Supply
- Subsea Innovation
- Knowledge Forums

“We need to plan now so that decommissioning can be done efficiently and cost-effectively for both government and industry, it needs to be done well, and in the right way, to benefit us all.”

Hon Madeleine King
Federal Minister for Resources and Northern Australia

Networking Functions

AOG Energy returned with a bang, including three sold out networking functions! Welcoming hundreds from the oil, gas and energy industry, the Subsea Welcome Drinks, Opening Party and Diversity & Inclusion Breakfast were popular events to reconnect in a relaxed setting away from the busy exhibition floor.
